EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013

The following explanatory statement, as required under Section 102 of the Companies Act, 2013, sets out all material facts relating to special business mentioned in the accompanying notice for convening the AGM of the Company.

Item No. 9 and 10

Keeping in view the existing and future financial requirements to support its business operations, the Company may need additional funds. For this purpose, the Company may, from time to time, raise finance from various Banks and/or Financial Institutions and/ or any other lending institutions and/or Bodies Corporate and/or such other persons/ individuals as may be considered fit, which, together with the moneys already borrowed by the Company (apart from temporary loans obtained from the Company's bankers in ordinary course of business) may exceed the aggregate of the paid-up capital and free reserves of the Company. Hence it is proposed to increase the maximum borrowing limits from Rs. 95 crores to Rs. 125 Crores for the Company. Pursuant to Section 180(1)(c) of the Companies Act, 2013, the Board of Directors cannot borrow more than the aggregate amount of the paid-up capital of the Company and its free reserves at any one time except with the consent of the members of the Company in a general meeting. In order to facilitate securing the borrowing made by the Company, it would be necessary to create charge on the assets or whole or part of the undertaking of the Company. Further, Section 180(1)(a) of the Companies Act, 2013 provides for the power to sell, lease or otherwise dispose of the whole or substantially the whole of the undertaking of the Company subject to the approval of members in the General Meeting, which authorisation is also proposed to be increased from Rs. 95 crores to Rs. 125 Crores for the Company. Hence, the Special Resolution at Item No.8 and 9 of the Notice is being proposed, since the same exceeds the limits provided under Section 180(1) (a) & 180(1)(c) of the Act. The Directors recommend the Special Resolution as set out at Item No. 8 and 9 of the accompanying Notice, for members' approval. None of the Directors or Key Managerial Personnel of the Company and their relatives is concerned or interested, financially or otherwise, in the Special Resolution except to the extent of their shareholding in the Company.

Item No. 11

In order to make optimum use of funds available with the Company and also to achieve long term strategic and business objectives, the Board of Directors of the Company proposes to make use of the same by making investment

- In Subsidiary or granting loans, giving guarantee or providing security to Subsidiary as and when required. Pursuant to the provisions of section 186(3) of the Companies Act, 2013 and rules made there under, and the FEMA regulation the Company needs to obtain prior approval of shareholders / members by way of special resolution passed at the General Meeting in case the amount of investment, loan, guarantee or security proposed to be made through foreign commitment exceed USD 100000/- in a Financial year even if it is within 400% of the net-worth as per the last audited balance sheet subject to RBI prior approval. Accordingly, the Board of Directors of the Company proposes to obtain approval of shareholders by way of special resolution as contained in the notice of the Annual General Meeting for an amount not exceeding USD 250000 (Two Lakh Fifty Thousand Only) for Investment in Overseas Subsidiary and Joint Venture of the company and Loans to Overseas Subsidiaries and Joint Venture of the company, other Bodies Corporate or Persons i.e 31st December every year.
- The Chairperson informed that the company may invests its surplus funds time to time for different purposes within the limit envisaged under section 186 read with rule 11 of companies (Meetings of Board and its Powers) Rules, 2014 of the Companies Act, 2013. The approval of the Shareholder is hereby accorded to Board in accordance with section 179(3) (e) of Companies Act, 2013 for investment of surplus funds upto Rs. 500,00,000/- (Rupees Five Crore Only) at any time during the financial year 2022-23.

None of the Directors, Key Managerial Personnel of the Company or their relatives or any of other officials of the Company as contemplated in the provisions of Section 102 of the Companies Act, 2013 is, in any way, financially or

12th Annual General Meeting

otherwise, concerned or interested in the resolution.

12th Annual General Meeting
CHAIRMAN'S MESSAGE

It gives me great pleasure to welcome you to the 11th Annual General Meeting of your Company and share with you the progress your Company has made, despite the several challenges posed by the National & global economy.

While the economic climate throughout the industry has remained challenging during the 2 years gone by, the period including the Fiscal Years 2020-21 and 2021-22 was a period of steady revival and consolidation for us. During this period we faced major reforms like demonetization, shifting and setting up our new manufacturing unit, e-Marketplace and implementation of GST. However, learning from every situation and moving forward, we have kept up the developments in our projects and also tried to evolve with the changing market.

Looking Ahead

As we step into new fiscal, with the powerful reforms mentioned above and a diverse customer base across geographies, coupled with the learning's of the last year, I am sure that your Company will continue to consolidate and grow in the years to come. This is very evident from orders bagged from various high value customers and new projects being developed as per market requirements. The Company has taken up several initiatives to embrace growth by aggressive business strategies and new business models.

Concluding Note

I am confident that Tembo Global Industries Ltd, with its committed associates, excellent customers, wide product range and strong and stable management team will continue to deliver significant value to all its stakeholders in the years to come and will achieve every milestone in the journey to success.

I would like to thank all our shareholders, investors, employees, customers and all other stakeholders, who have always stood by us. With our focused business strategy, dynamic management team and a pool of professional talent, we are poised for growth.

I look forward to your continued support in the coming years to take this Company to the next level of growth and a Leader in Electronic Weighing Scales and Systems in India.

Yours Sincerely,
Sd/-

MRS. SMITA SANJAY PATEL	Chairman
MRS FATEMA S KACHWALA MEMBER	Member
MR. JEHAN DARAYUS VARIAVA	Member

(change due to resignation of Mrs Taruna Piyush Patel and appointment of Mrs. Smita Sanjay Patel as on 28th May, 2022)

- Term of Reference of the Sexual Harassment Committee of our Company include the formulation, recommending to the Board, a Sexual Harassment policy which shall indicate the activities to be undertaken by our Company to ensure that all employees maintain appropriate standards of business and personal conduct with colleagues, clients and with the public at large.

The Objectives of the Policy

This Policy shall be read in line with the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013. The policy operates through informal processes normally involving an intermediary means for resolving a problem. In the case of Sexual Harassment, at first instance, the person (i.e. HOD / HR / Woman representative of the location) may be the point of first contact for anyone seeking informal support/intervention to stop unwelcome behavior. A sense of restraint and responsibility on the part of all concerned is critical for the effective functioning of these guidelines. The preventive / informal process that can be adopted is as follows:

1. Convey to the person who is the cause of distress, about what that person's actions, words, behavior is doing and convey in no uncertain terms that such behavior is not appreciated. What is important is the –Wayll a particular behavior, action or word is perceived; –Intentll is of no consequence.
2. The second step would be to approach someone within the company – preferably your Superior or HR Representative. The Superior or HR Representative would then try and counsel / talk it over with a view towards closing the matter amicably.
3. In any case all such incidents along with the resolution, needs to be reported to the Head of HR who will then provide a short report to the Internal Complaints Committee and the matter will be closed.
4. However, in the event of it not being resolved, then it would need to be escalated to the Internal Complaints Committee.

In the event of the complaint, not being resolved through informal mechanism, then it would need to be escalated to the Internal Complaint Committee for redressal.

1. It is the obligation of all employees to report sexual harassment experienced by them personally. A concerned co-worker may also inform the Complaints Committee of any instance or behavior of sexual harassment by a co-worker towards another employee.
2. The concerned employee shall give his complaint in writing to any of the committee member giving details of the incident within a week of its occurrence.

12th Annual General Meeting

3. Once the complaint is received, it will be kept strictly confidential.
4. The person accused will be informed that a complaint has been filed against him/her and no unfair acts of retaliation or unethical action will be tolerated. The Committee shall ensure that a fair and just investigation is undertaken immediately.
5. Both the complainant and the alleged accused initially will be questioned separately with a view to ascertain the veracity of their contentions. If required, the person who has been named as a witness will need to provide the necessary information to assist in resolving the matter satisfactorily.
6. The Chairperson after studying the report & discussion with the Committee members shall submit her recommendation to the Executive Director within 10 days of completing the inquiry.
7. The complainant and the accused shall be informed of the outcome of the investigation. The investigation shall be completed within 3 months of the receipt of the complaint. If the investigation reveals that the complainant has been sexually harassed as claimed, the accused will be disciplined accordingly. The implementation of the recommendation of Internal Complaint Committee by Executive Director should be done within 30 days of receipt of such recommendation.

14. VIGIL MECHANISM FOR DIRECTORS AND EMPLOYEES:

Your Company is committed to highest standards of ethical, moral and legal business conduct. Accordingly, the Board of Directors has formulated a Whistle Blower Policy which is in compliance with the provisions of Section 177(10) of the Companies Act, 2013. Employees can raise concerns regarding any discrimination, harassment, victimization, any other unfair practice being adopted against them or any instances of fraud by or against your Company. Any incidents that are reported are investigated and suitable action taken in line with the Whistle Blower Policy (https://www.nut-clamps.com/uploads/investor/Policy_for_Wistle_blower.pdf)

15. RISK MANAGEMENT POLICY

The Company has formulated a Risk Management Policy for dealing with different kinds of risks which it faces in day to day operations of the Company. Risk Management Policy of the Company outlines different kinds of risks and risk mitigating measures to be adopted by the Board. The Company has adequate internal control systems and procedures to combat the risk. The Risk management procedure will be reviewed by the Audit Committee and Board of Directors on time to time basis.

16. POLICY ON PRESERVATION OF THE DOCUMENTS

The Company has formulated a Policy pursuant to Regulation 9 of the Securities Exchange Board of India (Listing obligations and Disclosure Requirements) Regulations, 2015 (-Regulations) on Preservation of the Documents to ensure safekeeping of the records and safeguard the Documents from getting manhandled, while at the same time avoiding superfluous inventory of Documents.

REPORT ON CORPORATE SOCIAL RESPONSIBILITY

**TO THE MEMBERS OF
TEMBO GLOBAL INDUSTRIES LIMITED**

M/S Tembo Global Industries Limited is committed to conduct business in a socially, economically and environmentally responsible and sustainable manner, which enables the creation and distribution of wealth for the betterment of all its stakeholders, internal as well as external, through the implementation and integration of ethical systems and sustainable management practices. For this M/S Tembo Global Industries Limited had laid a balanced emphasis on all aspects of corporate social responsibility and sustainability with regard to its internal operations, activities and processes, as well as undertake initiatives and projects to facilitate capacity building, empowerment of communities, inclusive socioeconomic growth, environment protection, promotion of green and energy efficient technologies, development of backward regions, and upliftment of the marginalized and underprivileged sections of the society.

The CSR provisions of the Companies Act 2013, Schedule VII, or the CSR rules are inviolable. However, in addition to the CSR provisions of the Act and the CSR rules, DPE has formulated Guidelines on Corporate Social Responsibility and Sustainability which are applicable to CPSEs. Guidelines do not supersede or override any provision of the Act, or Schedule VII of the Companies Act 2013, or the CSR rules, but will supplement them. It is clarified that in case of any perceived conflict between the CSR rules and the Guidelines, the former shall prevail in all circumstances.

The term Sustainability has been used in conjunction with CSR in the title of DPE Guidelines because CSR activities which are envisaged in the Act and in the CSR rules can be supplemented with sustainability initiatives as both aim at achieving sustainable development goals. The CSR Committee so constituted formulated Policy on Corporate Social Responsibility (CSR Policy) and the Board of Directors of the Company ('Board') has approved the same as per recommendation of CSR Committee.

MANAGEMENT DISCUSSION AND ANALYSIS

INTRODUCTION AND OVERVIEW

India has emerged as the fastest-growing major economy in the world and is expected to be one of the top three economic powers in the world over the next 10-15 years, backed by its robust democracy and strong partnerships.

- India's nominal gross domestic product (GDP) at current prices is estimated to be at Rs. 232.15 trillion (US\$ 3.12 trillion) in FY22.
- India is the third-largest unicorn base in the world with over 100 unicorns with a total valuation of US\$ 332.7 billion.
- India needs to increase its rate of employment growth and create 90 million non-farm jobs between 2023 and 2030s, for productivity and economic growth according to McKinsey Global Institute. The net employment rate needs to grow by 1.5% per year from 2023 to 2030 to achieve 8-8.5% GDP growth between 2023 and 2030.
- According to data from the Department of Economic Affairs, as of January 28, 2022, foreign exchange reserves in India reached the US\$ 634.287 billion mark.

RECENT ECONOMIC DEVELOPMENTS IN INDIA ARE AS FOLLOWS:

- With an improvement in the economic scenario, there have been investments across various sectors of the economy. The private equity - venture capital (PE-VC) sector recorded investments worth US\$ 5.8 billion across 117 deals in February 2022, 24% higher than in January 2022. Some of the important recent developments in the Indian economy are as follows:
- India's merchandise exports were at an all-time high of US\$ 417.81 billion in FY22. In April 2022, the Manufacturing Purchasing Managers' Index (PMI) in India stood at 54.7.
- The gross Goods and Services Tax (GST) revenue collection hit an all-time high of Rs. 1.68 trillion (US\$ 21.73 billion) in April 2022. This is a 20% increase over the previous year.
- According to the Department for Promotion of Industry and Internal Trade (DPIIT), FDI equity inflow in India stood at US\$ 572.80 billion between April 2000-December 2021.
- India's Index of Industrial Production (IIP) for January 2022 stood at 138.4 against 136.6 for January 2021.
- Consumer Food Price Index (CFPI) – Combined inflation was 2.9% in 2021-22 (April-December) against 9.1% in the corresponding period last year.
- Consumer Price Index (CPI) – Combined inflation was 5.20% in 2021-2022 (April-December) against 6.6% in 2020-21
- Foreign portfolio investors (FPIs) invested Rs.50,009 crore (US\$ 6.68 billion) in the Calendar year 2021.
- The wheat procurement in Rabi 2021-22 and the anticipated paddy purchase in Kharif 2021-22 would include 1208 lakh (120.8 million) metric tonnes of wheat and paddy from 163 lakh (16.7 million) farmers, as well as a direct payment of MSP value of Rs. 2.37 lakh crore (US\$ 31.74 billion) to their accounts.

THE GOVERNMENT OF INDIA HAS TAKEN SEVERAL INITIATIVES TO IMPROVE THE ECONOMIC CONDITION OF THE COUNTRY. SOME OF THESE ARE:

- As of April 2022, India signed 13 Free Trade Agreements (FTAs) with its trading partners including major trade agreements like the India-UAE Comprehensive Partnership Agreement (CEPA) and the India-Australia Economic Cooperation and Trade Agreement (IndAus ECTA).
- The Union Budget of 2022-23 was presented on February 1, 2022, by the Minister for Finance & Corporate Affairs, Ms. Nirmala Sitharaman. The budget had four priorities PM GatiShakti, Inclusive Development, Productivity Enhancement and Investment and Financing of Investments. In the Union Budget 2022-23, effective

capital expenditure is expected to increase by 27% at Rs. 10.68 lakh crore (US\$ 142.93 billion) to boost the economy. This will be 4.1% of the total Gross Domestic Production (GDP).

- Under PM GatiShakti Master Plan the National Highway Network will develop 25,000 km of new highways network which will be worth Rs. 20,000 crore (US\$ 2.67 billion). In 2022-23. Increased government expenditure is expected to attract private investments, with a production-linked incentive scheme providing excellent opportunities. Consistently proactive, graded, and measured policy support is anticipated to boost the Indian economy.
- In February 2022, Minister for Finance and Corporate Affairs Ms. Nirmala Sitharaman said that productivity linked incentive (PLI) schemes would be extended to 14 sectors to achieve the mission of AtmaNirbhar Bharat and create 60 lakh jobs with an additional production capacity of Rs. 30 lakh crore (US\$ 401.49 billion) in the next five years.
- In the Union Budget of 2022-23, the government announced funding for the production linked incentive (PLI) scheme for domestic solar cells and module manufacturing of Rs. 24,000 crore (US\$ 3.21 billion).
- In the Union Budget of 2022-23, the government announced a production linked incentive (PLI) scheme for Bulk Drugs which was an investment of Rs. 2500 crore (US\$ 334.60 million).
- In the Union Budget of 2022, Minister for Finance & Corporate Affairs Ms. Nirmala Sitharaman announced that a scheme for design-led manufacturing in 5G would be launched as part of the PLI scheme.
- In September 2021, Union Cabinet approved major reforms in the telecom sector, which are expected to boost employment, growth, competition, and consumer interests. Key reforms include rationalization of adjusted gross revenue, rationalization of bank guarantees (BGs), and encouragement of spectrum sharing.
- In the Union Budget of 2022-23, the government has allocated Rs. 44,720 crore (US\$ 5.98 billion) to Bharat Sanchar Nigam Limited (BSNL) for capital investments in the 4G spectrum.
- Minister for Finance & Corporate Affairs Ms. Nirmala Sitharaman allocated Rs. 650 crore (US\$ 86.69 million) for the Deep Ocean mission that seeks to explore vast marine living and non-living resources. Department of Space (DoS) has got Rs. 13,700 crore (US\$ 1.83 billion) in 2022-23 for several key space missions like Gaganyaan, Chandrayaan-3, and Aditya L-1 (sun).
- In May 2021, the government approved the production linked incentive (PLI) scheme for manufacturing advanced chemistry cell (ACC) batteries at an estimated outlay of Rs. 18,100 crore (US\$ 2.44 billion); this move is expected to attract domestic and foreign investments worth Rs. 45,000 crore (US\$ 6.07 billion).
- Minister for Finance & Corporate Affairs Ms Nirmala Sitharaman announced in the Union Budget of 2022-23 that the Reserve Bank of India (RBI) would issue Digital Rupee using blockchain and other technologies.
- In the Union Budget of 2022-23, Railway got an investment of Rs. 2.38 lakh crore (US\$ 31.88 billion) and over 400 new high-speed trains were announced. The concept of "One Station, One Product" was also introduced.
- To boost competitiveness, Budget 2022-23 has announced reforming the 16-year-old Special Economic Zone (SEZ) act.
- In June 2021, the RBI (Reserve Bank of India) announced that the investment limit for FPI (foreign portfolio investors) in the State Development Loans (SDLs) and government securities (G-secs) would persist unaffected at 2% and 6%, respectively, in FY22.
- To boost the overall audit quality and transparency and add value to businesses, in April 2021, the RBI issued a notice on new norms to appoint statutory and central auditors for commercial banks, large urban co-operatives, and large non-banks and housing finance firms.
- In May 2021, the Government of India allocated Rs. 2,250 crore (US\$ 306.80 million) for the development of the horticulture sector in 2021-22.
- In November 2020, the Government of India announced Rs. 2.65 lakh crore (US\$ 36 billion) stimulus package to generate job opportunities and provide liquidity support to various sectors such as tourism, aviation, construction, and housing. Also, India's cabinet approved the production-linked incentives (PLI) scheme to provide ~Rs. 2 trillion (US\$ 27 billion) over five years to create jobs and boost production in the country.
- Numerous foreign companies are setting up their facilities in India on account of various Government initiatives like Make in India and Digital India. Prime Minister of India Mr. Narendra Modi launched the Make in India initiative with an aim to boost the country's manufacturing sector and increase the purchasing power of an average Indian consumer, which would further drive demand and spur development, thus benefiting investors. The

Government of India, under its Make in India initiative, is trying to boost the contribution made by the manufacturing sector with an aim to take it to 25% of the GDP from the current 17%. Besides, the government has also come up with the Digital India initiative, which focuses on three core components: the creation of digital infrastructure, delivering services digitally, and increasing digital literacy.

- On January 29, 2022, the National Asset Reconstruction Company Ltd (NARCL) will acquire bad loans worth up to Rs. 50,000 crore (US\$ 6.69 billion) about 15 accounts by March 31, 2022. India Debt Resolution Co. Ltd (IDRCL) will control the resolution process. This will clean up India's financial system and help fuel liquidity and boost the Indian economy.
- National Bank for Financing Infrastructure and Development (NaBFID) is a bank that will provide non-recourse infrastructure financing and is expected to support projects from the first quarter of FY2022-23; it is expected to raise Rs. 4 lakh crore (US\$ 53.58 billion) in the next three years.
- By November 1, 2021, India and the United Kingdom hope to begin negotiations on a free trade agreement. The proposed FTA between these two countries is likely to unlock business opportunities and generate jobs. Both sides have renewed their commitment to boost trade in a manner that benefits all.
- In August 2021, NITI Aayog and Cisco collaborated to encourage women's entrepreneurship in India.
- In August 2021, Prime Minister Mr. Narendra Modi announced an initiative to start a national mission to reach the US\$ 400 billion merchandise export target by FY22.
- In August 2021, Prime Minister Mr. Narendra Modi launched a digital payment solution, e-RUPI, a contactless and cashless instrument for digital payments.
- In June 2021, RBI Governor Mr. Shaktikanta Das announced the policy repo rate unchanged at 4%. He also announced various measures, including Rs. 15,000 crores (US\$ 2.05 billion) liquidity support to contact-intensive sectors such as tourism and hospitality.
- In June 2021, Finance Ministers of G-7 countries, including the US, the UK, Japan, Italy, Germany, France and Canada, attained a historic contract on taxing multinational firms as per which the minimum global tax rate would be at least 15%. The move is expected to benefit India by increasing foreign direct investments in the country.
- In June 2021, the Indian government signed a US\$ 32 million loan with World Bank for improving healthcare services in Mizoram.
- In May 2021, the Government of India (GoI) and European Investment Bank (EIB) signed the finance contract for the second tranche of EUR 150 million (US\$ 182.30 million) for the Pune Metro Rail project.
- According to an official source, as of September 15, 2021, 52 companies have filed applications under the Rs. 5,866 crore (US\$ 796.19 million) production-linked incentive scheme for the white goods (air conditioners and LED lights) sector.
- In May 2021, Union Cabinet approved the signing of a memorandum of understanding (MoU) on migration and mobility partnership between the Government of India, the United Kingdom of Great Britain and Northern Ireland.
- In April 2021, Minister for Railways and Commerce & Industry and Consumer Affairs, Food & Public Distribution, Mr. Piyush Goyal, launched the 'DGFT Trade Facilitation' app to provide instant access to exporters/importers anytime and anywhere.
- In April 2021, Dr. Ahmed Abdul Rahman AlBanna, Ambassador of the UAE to India and Founding Patron of IFIICC, stated that trilateral trade between India, the UAE and Israel is expected to reach US\$ 110 billion by 2030.
- India is expected to attract investment of around US\$ 100 billion in developing the oil and gas infrastructure during 2019-23.
- The Government of India is going to increase public health spending to 2.5% of the GDP by 2025.

ROAD AHEAD

Minister of Commerce and Industry, Consumer Affairs, Food and Public Distribution Mr. Piyush Goyal, on January 21, 2022 said that Indian industry to raise 75 unicorns in the 75 weeks leading up to the country's 75th anniversary next year.

Minister of Commerce and Industry, Consumer Affairs, Food and Public Distribution and Textiles Mr. Piyush

Goyal said that India will achieve exports worth US\$ 1 trillion by 2030.

India's electronic exports are expected to reach US\$ 300 billion by 2025-26. This will be nearly 40 times the FY2021-22 exports (till December 2021) of US\$ 67 billion.

As per the data published in a Department of Economic Affairs report, in the first quarter of FY22, India's output recorded a 20.1% YoY growth, recovering >90% of the pre-pandemic output in the first quarter of FY20. India's real gross value added (GVA) also recorded an 18.8% YoY increase in the first quarter of FY22, posting a recovery of >92% of its corresponding pre-pandemic level (in the first quarter of FY20). Also, in FY21, India recorded a current account surplus of 0.9% of the GDP. The growth in the economic recovery is due to the government's continued efforts to accelerate vaccination coverage among citizens. This also provided an optimistic outlook to further revive industrial activities.

As per RBI's revised estimates for July 2021, the real GDP growth of the country is estimated at 21.4% for the first quarter of FY22. The increase in the tax collection, along with the government's budget support to states, strengthened the overall growth of the Indian economy.

India is focusing on renewable sources to generate energy. It is planning to achieve 40% of its energy from non-fossil sources by 2030. In line with this, in May 2021, India, along with the UK, jointly launched a 'Roadmap 2030' to collaborate and combat climate change by 2030.

India is expected to be the third-largest consumer economy as its consumption may triple to US\$ 4 trillion by 2025, owing to a shift in consumer behaviour and expenditure pattern, according to a Boston Consulting Group (BCG) report. It is estimated to surpass the USA to become the second-largest economy in terms of purchasing power parity (PPP) by 2040, as per a report by PricewaterhouseCoopers.

INDIAN ECONOMY

Introduction

In FY 2022-23, the World Economic Outlook (WEO) of the International Monetary Fund (IMF) projects India to be the fastest-growing economy at 8.2%, owing to strong growth in economic activity in April. This can be seen in the robust performance of e-way bill generation, ETC toll collection, electricity consumption, PMI manufacturing and PMI services. While inflation is expected to be elevated in FY 2022-23, mitigating action taken by the Government and RBI may reduce its duration. Evidence on consumption patterns further suggests that inflation in India has a lesser impact on low-income strata than on high-income groups. Further, since aggregate demand is recovering only gradually, the risk of sustained high inflation is low. Global economy is still in the process of reversing supply-side disruptions caused by the COVID-19 pandemic and it would have been far more comfortably placed in the absence of the Russia-Ukraine conflict, and the economic sanctions it has led to. A 40 basis points hike in the repo rate by the RBI, an increase in the Cash Reserve Ratio (CRR) requirement for banks, and a 50 basis points increase in the benchmark interest rate by the US Federal Reserve were among the most visible measures that central banks have taken in the beginning of May 2022 to curb inflation.

Indian Economy

In May 2022, the following key frequency indicators highlighted improved performances:

- Private consumption stood at 57.5% of the nominal GDP for FY22, indicating that it is becoming a macro growth driver.
- Rice, wheat, gramme, and maize production are expected to be at record highs. According to the second advance projections of foodgrain production for FY22, overall foodgrains production is expected to reach a record high of 316.1 million tonnes, 2.85% higher than the objective set, thanks to higher output of kharif crops and record acreage under rabi crops.

12th Annual General Meeting

- The food price inflation (combined for rural and urban) surged to a 17-month high of 8.38% in April 2022 from 7.68% in March 2022.
- In April 2022, the Manufacturing Purchasing Managers' Index (PMI) in India stood at 54.7, up from 54 in March 2022.
- PMI Services was at 57.9 in April 2022, as compared to 53.6 in March 2022.
- In April 2022, power demand grew by 11.5% on a YoY basis amid the early onset of summer season and a spurt in commercial and industrial activities.
- In February 2022, the overall IIP (Index of Industrial Production) registered a 1.7% increase. The mining sector showed a growth of 4.5%, the manufacturing sector showed a growth of 0.8% and the electricity sector showed a growth of 4.5% YoY.
- The cumulative growth of IIP for the period April 2021-February 2022 stood at 12.5%, as compared to (-) 11.1% in April 2020-February 2021.
- In March 2022, the eight sectors output index stood at 157.3 based on provisional data, which was an increase of 4.3% YoY compared to March 2021, indicating the resumption of economic activities.
- Traffic handled at major ports stood at 64,960 thousand tonnes in April 2022.
- In March 2022, freight movement increased by 0.3% compared to the previous year, indicating that the increase in air freight and traffic activity has been maintained.
- Railway freight traffic growth increased by 9.4% YoY in FY22, driven primarily by incremental loading of coal, foodgrains and fertilizers.
- 78.1 million e-way bills were raised during March 2022, which is 13% higher as compared to February 2022.
- In April 2022, the government approved the participation of 61 companies in the PLI scheme for textiles, with a proposed total investment of Rs. 19,077 crore (US\$ 2.46 billion), and an expected turnover of Rs. 1.84 lakh crore (US\$ 23.74 billion), leading to employment generation for about 2.4 lakh people.
- The gross GST collection in April 2022 rose to Rs. 1.68 lakh crore (US\$ 21.91 billion) and this collection has been the highest since implementation of the GST regime.
- In April 2022, UPI transactions were valued at Rs. 9.83 lakh crore (US\$ 126.71 billion), as compared to Rs. 9.60 lakh crore (US\$ 123.75 billion) in March 2022.
- In May 2022, the Indian basket of crude oil reached US\$ 108.27 a barrel, as compared to US\$ 102.97 in April 2022.
- In April 2022, India's merchandise and service exports stood at US\$ 67.79 billion (a 38.9% YoY increase) driven by a strong performance from critical sectors such as petroleum products, electronic goods, processed food, coffee, leather products.
- In the second half of February through March 2022 (up to March 13), daily liquidity absorptions under the liquidity adjustment facility (LAF) averaged Rs. 8.4 lakh crore (US\$ 111.27 billion), up from Rs 7.4 lakh crore (US\$ 98.02 billion) in the second fortnight of January to mid-February 2022.
- As of April 22, 2022, reserve money stood at Rs. 4,002,311 crore (US\$ 523.6 billion).
- As of April 22, 2022, currency in circulation (CiC) registered at Rs. 3,209,394 crore (US\$ 419.86 billion).
- In May 2022 (until May 27), Foreign Portfolio Investment (FPI) outflows stood at Rs. 35,848 crore (US\$ 4.62 billion).
- Rupee strength reached Rs. 77.52/US\$ 1, as on May 30, 2022.
- From January-March 2022, India received a total of US\$ 22.04 billion in foreign direct investment.
- As of May 20, 2022, foreign exchange reserves in India stood at US\$ 597.51 billion.
- Non-food bank credit registered a growth of 9.7% in March 2022 as compared to 4.5% in March 2021.

Despite the third wave of COVID-19, overall economic activity remained stable, indicating that India has learned to cope with virus-related restrictions. Several high frequency indicators, such as electricity consumption, PMI manufacturing, exports, and e-way bill creation, reflect this. The economy's confidence has been bolstered even more by the rapid pace of immunisation. In addition, the Union Budget commitment to asset creation (public infrastructure development) in 2022-23 will re-energise the virtuous cycle of investment and crowd in private investment with huge multiplier effects, boosting inclusive and sustainable growth. Consumption will rise up once the uncertainty and worry caused by the COVID-19 virus has passed, and the demand rebound will allow the

private sector to step in with investments to boost production to satisfy the rising demand. This scenario should play out for the Indian economy in 2022-23, barring geopolitical and economic surprises.

Between April-October 2021, the central government finances registered improved performances. In the review period, the corporation tax recorded 91.6% YoY growth. Between April-October 2021, custom revenue collection registered 122.3% YoY growth, and the IGST collection to the Centre increased by 40% YoY, primarily due to the recovery of economic activities. Net collections of direct taxes in FY 2021-22 (until March 16, 2022), stood at Rs. 13.63 trillion (US\$ 175.83 billion), compared to Rs. 9.18 trillion (US\$ 118.42 billion) in FY 2020-21.

Note: Conversion rate used for May 2022 (as on 30th May, 2022) is Rs. 1 = US\$ 0.013

India's Economic Performance in 2020-21

Ms. Nirmala Sitharaman, Union Minister for Finance presented the Economic Survey 2021-22 in the Parliament on January 31, 2022. The key highlights of the Economic Survey 2021-22 are as follows:

Widespread Vaccine Coverage

- Vaccination has had a crucial role in reducing the number of deaths, restoring confidence in the economy, and decreasing the effects of the second wave on India's economy.
- On the 16th of January 2022, India completed one year of its COVID-19 vaccination effort, administering more than 1.56 billion doses of vaccine.
- There are almost 880 million people in India (93% of the adult population) who have received the first dose and 660 million people (70% of the adult population) who are fully vaccinated.
- Between May 2021 and January 2021, the daily vaccination rate on average has grown fourfold from 1.93 million to 7.54 million.

SECTOR REFORMS

- Instead of relying on demand management, India has been concentrating on reforms on the supply-side, such as:
 - Deregulation of numerous sectors
 - Simplification of processes
 - Removal of legacy issues like 'retrospective tax'
 - Privatisation
- These are a few of the major reforms in different sectors:
 - Over a four-year period from 2021-22 to 2024-25, the Central Government's key assets have a total monetisation potential of Rs. 6 lakh crore (US\$ 80.39 billion).
 - Setting up of Production Linked Incentive (PLI) schemes for 13 sectors including Automobile, Telecom and pharmaceuticals drugs.
 - Increasing private sector engagement in conventional satellite communication and remote sensing industries by liberalising them.
 - The automatic route increased FDI in the defence sector by 74%, while the government route increased it by 100%.
 - Deposit insurance has been enhanced per depositor per bank from 'Rs. 1 lakh (US\$ 1339.30)' to 'Rs. 5 lakh (US\$ 6696.51)'. As a result, 98.1 % accounts were completely secured by the end of March 2021, and 50.9 % deposits were guaranteed.

CURRENT STATE OF THE ECONOMY

- Following a contraction of 7.3% in 2020-21, the Indian economy is expected to grow by 9.2% in real terms in

TEMBO
Powering Ahead

12th Annual General Meeting

2021-22 (according to initial advanced projections).

- GDP is expected to grow in real terms by 8-8.5% in 2022-23.
- The coming year is expected to see an increase in private sector investment with the financial system in strong shape to support the country's economic recovery.
- The projection is equivalent to the World Bank's and Asian Development Bank's recent predictions of 8.7% and 7.5% real GDP growth for 2022-23, respectively.
- According to the IMF's latest World Economic Outlook projections, India's real GDP will grow at 9% in 2021-22 and 2022-23, and 7.1% in 2023-2024, making it the world's fastest growing major economy for all three years.
- In 2021-22, agriculture and allied industries are predicted to grow by 3.9%, industry by 11.8%, and services by 8.2%.
- In 2021-22, demand for consumption is expected to increase by 7.0%, Gross Fixed Capital Formation (GFCF) by 15%, exports by 16.5%, and imports by 29.4%.
- Indicators of macroeconomic stability imply that the Indian economy is well positioned to meet the challenges of 2022-23.
- In 2022-23, a combination of large foreign exchange reserves, continued foreign direct investment, and expanding export revenues will provide an effective cushion against a potential global liquidity withdrawal.
- The "second wave's" economic effect was significantly less than the full lockdown in 2020-21, but the health consequences were far more severe.
- The Indian government's unique reaction included safety-nets to soften the impact on vulnerable sectors of society and the business sector, a major increase in capital investment to promote growth, and supply-side reforms to ensure long-term expansion.
- In a climate of severe unpredictability, the government's flexible and multi-layered reaction is based in part of an "Agile" framework that employs feedback loops and the usage of 80 High Frequency Indicators (HFIs).
- In 2021-22, agriculture and allied industries are predicted to grow by 3.9%, industry by 11.8%, and services by 8.2%.

FISCAL DEVELOPMENTS

- From April to November 2021, the Central Government's revenue receipts increased by 67.2% (YoY), compared to a 9.6% increase predicted in the 2021-22 Budget Estimates (over 2020-21 Provisional Actuals).
- In terms of YoY growth, gross tax revenue increased by more than 50% from April to November 2021. This is also a strong performance when compared to pre-pandemic levels in 2019-2020.
- Capex increased by 13.5% (YoY) from April to November 2021, with a heavy focus on infrastructure-intensive sectors.
- Continued tax collection and a targeted expenditure approach has helped to keep the budget deficit for April to November 2021 at 46.2% of BE.
- The Central Government debt has increased from 49.1% of GDP in 2019-20 to 59.3% of GDP in 2020-21 as an outcome of increased borrowings for COVID-19, but it is expected to decline as the economy recovers.

EXTERNAL SECTORS

- After China, Japan, and Switzerland, India was the world's fourth largest FX reserve holding as of the end of November 2021.
- In the first half of 2021-22, foreign exchange reserves surpassed US\$ 600 billion, reaching US\$ 633.6 billion as of December 31, 2021.
- Despite dismal tourism income, there was a large increase in net services, with both receipts and payments surpassing pre-pandemic levels.
- During the current fiscal year, India's merchandise exports and imports rebounded rapidly, surpassing pre-COVID

levels.

- Net capital flows increased to US\$ 65.6 billion in the first half of 2021-22, owing to ongoing foreign investment inflows, a resurgence in net external commercial borrowings, increased banking capital, and additional special drawing rights (SDR) allocation.
- India's external debt increased to US\$ 593.1 billion at the end of September 2021, up from US\$ 556.8 billion in 2020-21, as a result of the IMF's increased Special Drawing Right (SDR) allocation and greater commercial borrowings.

MONETARY MANAGEMENT AND FINANCIAL INTERMEDIATION

- Indian markets outperformed counterparts among key developing market economies from April to December 2021.
- On October 18, 2021, the Sensex and Nifty reached new highs of 61,766 and 18,477, respectively.
- The system's liquidity remained in surplus.
- In 2021-22, the repo rate was maintained at 4%.
- To provide additional liquidity, the RBI implemented several initiatives such as the G-Sec Acquisition Program and Special Long-Term Repo Operations.
- The commercial banking system has handled the economic blow of the epidemic well.
- In 2021-22, YoY bank credit growth increased steadily, from 5.3% in April 2021 to 9.2% on December 31, 2021.
- Scheduled Commercial Banks (SCBs) had a Gross Non-Performing Advances ratio of 6.9% at the end of September 2021, down from 11.2% at the end of 2017-18.

PRICES AND INFLATION

- The average headline CPI-Combined inflation reduced to 5.2% in 2021-22 (April- December) from 6.6% in 2020-21 to 5.2% in 2021-22 (April-December).
- Food inflation eased, resulting in a decrease in retail inflation.
- Food Inflation averaged 2.9% in 2021-22 (April to December), compared to 9.1% the previous year.
- Throughout the year, effective supply-side management kept the prices of most important commodities under control.
- To keep the price of pulses and edible oils from rising too high, proactive measures were implemented.
- The reduction in national excise and subsequent reductions in Value Added Tax by most states helped to bring down the price of gasoline and diesel.
- Wholesale inflation, as measured by the Wholesale Price Index (WPI), increased to 12.5% in 2021-22. (April to December). This has been attributed to: Previous year's low base, increase in economic activity, sharp rise in the price of crude oil and other imported commodities on the worldwide market, and high freight costs.
- Difference between CPI-C and WPI Inflation: The difference rose to 9.6% points in May 2020. However, this year's disparity reversed, with retail inflation sliding 8.0% points behind wholesale inflation in December 2021.
- This difference can be explained by factors such as: Variations related to the base effect, differences in the scope and coverage of the two indices, price collections, items covered, commodity weights, and the WPI being more sensitive to cost-push inflation driven by imported inputs.
- As the base impact in WPI gradually fades, the disparity between CPI-C and WPI is likely to shrink.

SUSTAINABLE DEVELOPMENT AND CLIMATE CHANGE

- India's total score on the NITI Aayog SDG India Index and Dashboard improved to 66 in 2020-21 up from 60 in 2019-20 and 57 in 2018-19.
- The number of Front Runners (scores 65-99) increased from 10 states in 2019-20 to 22 in 2020-21.

12th Annual General Meeting

- In the NITI Aayog North-Eastern Region District SDG Index 2021-22, 64 districts were Front Runners and 39 districts were Performers in North East India.
- India possesses the tenth largest forest area in the world.
- From 2010 to 2020, India placed third in the world in terms of increasing forest acreage.
- Accounting for 2% of the world's total forest area, the forests covered 24% of India's total geographical, in 2020.
- The Plastic Waste Management Amendment Rules, 2021, were notified in August 2021, with the goal of eliminating single-use plastic by 2022.
- Notification on Extended Producer Responsibility for plastic packaging was drafted.
- The compliance rate of Grossly Polluting Industries (GPIs) in the Ganga main stem and its tributaries increased from 39% in 2017 to 81% in 2020.
- As a result, wastewater discharge has decreased from 349.13 million litres per day (MLD) in 2017 to 280.20 MLD in 2020.
- As part of the national declaration presented at the 26th Conference of Parties (COP 26) in Glasgow in November 2021, the Prime Minister declared aggressive targets to be met by 2030 to allow for further emissions reductions.
- The need of launching the one-word movement 'LIFE' (Lifestyle for Environment), which promotes thoughtful and purposeful consumption over mindless and destructive consumption, was emphasized.

INDUSTRY AND INFRASTRUCTURE

- During April-November 2021, the Index of Industrial Production (IIP) increased by 17.4% YoY, compared to a contraction of 15.3% in April-November 2020.
- The Indian railways' capital spending grew to Rs. 155,181 crores (US\$ 20.78 billion) in 2020-21, up from an average yearly of Rs. 45,980 crores (US\$ 6.15 billion) between 2009-14, and it is expected to rise to Rs. 215,058 crores (US\$ 28.80 billion) in 2021-22, a five-fold increase over the 2014 figure.
- The amount of road construction per day grew by 30.4% in 2020-21, from 28 kms per day in 2019-20 to 36.5 kms per day in 2020-21.
- Despite the pandemic, the net profit to sales ratio of large corporations reached an all-time high of 10.6% in the July-September quarter of 2021-22 (according to RBI Study).
- The introduction of the Production Linked Incentive (PLI) plan, massive infrastructure boosts - both physical and digital, as well as steps to minimise transaction costs and increase ease of doing business— all will help to speed up the recovery of the economy.

SERVICES

- In the July-September quarter of 2021-22, the GVA of services surpassed the pre-pandemic level; nevertheless, the GVA of contact intensive sectors such as commerce, transportation, and others remained below the pre-pandemic level.
- In 2021-22, the whole service sector GVA is predicted to expand by 8.2%.
- Rail freight crossed its pre-pandemic level between April-December 2021, while air freight and port traffic virtually reached pre-pandemic levels, and domestic air and rail passenger traffic is gradually increasing — indicating that the second wave's impact was far more subdued than the first wave's.
- The service sector received over US\$ 16.7 billion in FDI in the first half of 2021-22, accounting for about 54% of total FDI inflows into India.
- Revenue from IT-BPM services reached US\$ 194 billion in 2020-21, with 138,000 new people hired during that time.
- The removal of telecom rules in the IT-BPO industry and the opening up of the space sector to private companies are two major government changes.
- In the January-March quarter of 2020-21, services exports surpassed pre-pandemic levels, and in the first half of 2021-22, they climbed by 21.6%, boosted by global demand for software and IT services exports.
- After the United States and China, India has become the world's third largest start-up ecosystem. From 733 in 2016-17, the number of new recognized start-ups climbed to over 14000 in 2021-22.

TEMBO

12th Annual General Meeting

- In 2021, 44 Indian start-ups earned unicorn status, bringing the total number of unicorns to 83, the majority of which will be in the services sector.

SOCIAL INFRASTRUCTURE AND EMPLOYMENT

- As of January 16, 2022, 1.57 billion doses of COVID-19 vaccinations have been provided, with 913.9 million first doses and 660.5 million second doses.
- With the recovery of the economy, employment statistics in the last quarter of 2020-21 returned to pre-pandemic levels.
- According to data from the quarterly Periodic Labour Force Survey (PFLS) up to March 2021, employment in the pandemic-affected urban sector has nearly restored to pre-pandemic levels.
- According to Employees Provident Fund Organisation (EPFO) data, job formalisation continued throughout the second COVID wave, with the negative impact of COVID on work formalisation being substantially smaller than during the first COVID wave.
- The proportion of GDP spent on social services (health, education, and others) by the Centre and States climbed from 6.2% in 2014-15 to 8.6% in 2021-22 (BE).
- According to the National Family Health Survey 5:
 - The total fertility rate (TFR) decreased from 2.2 in 2015-16 to 2 in 2019-21.
 - Infant Mortality Rate (IMR), under-five mortality rate, and institutional births all improved in 2019-21 over 2015-16.
- 83 districts have been designated as 'Har Ghar Jal' districts under the Jal Jeevan Mission (JJM).
- Funding for the Mahatma Gandhi National Rural Employment Guarantee Scheme (MNREGS) has been increased to create a cushion for unorganised labour in rural regions throughout the epidemic.

In terms of our report of even date

(I) General reserve

Under the erstwhile Indian Companies Act 2013, a general reserve was created through an annual transfer of net income at a specified percentage in accordance with applicable regulations. The purpose of these transfers was to ensure that if a dividend distribution in a given year is more than 10% of the paid-up capital of the Company for that year, then the total dividend distribution is less than the total distributable reserves for that year.

(II) Retained Earnings

Retained earnings are the profits that the Company has earned till date, less any transfers to general reserve, dividends or other distributions paid to shareholders. Retained earnings includes re-measurement loss / (gain) on defined benefit plans, net of taxes that will not be reclassified to Statement of Profit and Loss. Retained earnings is a free reserve available to the Company.

(III) Securities Premium

The amount received in excess of face value of the equity shares is recognised in securities premium. This reserve is utilised in accordance with the specific provisions of the Companies Act 2013.

	Increase in assumptions		Decrease in assumptions	
	March 31, 2022	March 31, 2021	March 31, 2022	March 31, 2021
Discount rate	-2.40%	-2.31%	2.53%	2.43%
Salary growth rate	2.94%	2.84%	-2.84%	-2.74%

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied which has been used for calculating the defined benefit liability recognised in the Balance Sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

Gratuity	-	-	-

iv) **Risk Exposure**

The Gratuity scheme is a final salary Defined Benefit Plan that provides for a lump sum payment made on exit either by way of retirement, death, disability or voluntary withdrawal. The benefits are defined on the basis of final salary and the period of service and paid as lump sum at exit. The risks commonly affecting the defined benefit plan are expected to be:

Demographic Risk: This is the risk of variability of results due to unsystematic nature of decrements that include mortality, withdrawal, disability and retirement. The effect of these decrements on the defined benefit obligation is not straight forward and depends upon the combination of salary increase, discount rate and vesting criteria. It is important not to overstate withdrawals because in the financial analysis the retirement benefit of a short career employee typically costs less per year as compared to a long service employee.

Salary Inflation Risk : Higher than expected increases in salary will increase the defined benefit obligation

Interest-Rate Risk: The defined benefit obligation calculated uses a discount rate based on government bonds. If bond yields fall, the defined benefit obligation will tend to increase.

v) **Defined Benefit Liability and Employer Contributions**

The company considers that the contribution rates set at the last valuation date are sufficient to eliminate the deficit over the agreed period and that regular contributions, which are based on service costs, will not increase significantly.

The weighted average duration of the defined benefit obligation is 0.00 years The expected maturity analysis of undiscounted gratuity is as follows:

(ii) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level is as follows.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

iii) Fair value of financial assets and liabilities measured at amortised cost

The carrying amounts of term deposits and interest there on, trade receivables, cash and cash equivalents, other financial assets, borrowings, trade payables and other current financial liabilities are considered to be the same as their fair values due to their short-term nature.

The fair values of security deposits are based on discounted cash flows using a risk free rate of interest. They are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs, including own credit risk. Fair value of the security deposit is Rs 894.42 lakhs.

41 FINANCIAL RISK MANAGEMENT

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The risk management policy is approved by the Company's Board. The Company's principal financial liabilities comprise of loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations and to provide guarantees to support its operations in selected instances. The Company's principal financial assets include trade and other receivables, and cash and cash equivalents that derive directly from its operations. The company is exposed to market risk, credit risk, liquidity risk etc. The objective of the Company's financing policy are to secure solvency, limit financial risks and optimise the cost of capital. The Company's capital structure is managed using equity and debt ratios as part of the Company's financial planning.

a. Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk. Financial instruments affected by market risk include loans and borrowings, deposits and derivative financial instruments. The Company has designed risk management framework to control various risks effectively to achieve the business objectives. This includes identification of risk, its assessment, control and monitoring at timely intervals.

The above mentioned risks may affect the Company's income and expenses, or the value of its financial instruments. The Company's exposure to and management of these risks are explained below:

i. Foreign Currency Risk:

The company is subject to the risk that changes in foreign currency values impact the company export and import. The company is exposed to foreign exchange risk arising from various currency exposures, primarily with respect to US Dollar. The company manages currency exposures within prescribed limits, through use of derivative instruments such as Forward contracts etc. Foreign currency transactions are covered with strict limits placed on the amount of uncovered exposure, if any, at any point of time.

Particulars	As at March 31, 2022		As at March 31, 2021	
	Amount in Foreign Currency	Amount in Rs.	Amount in Foreign Currency	Amount in Rs.
Foreign Currency Exposure(USD)				
Receivable	14.68	1,093.16	13.31	967.93
Payable	(1.97)	(162.83)	(0.42)	(31.23)
Netoff Receivable / (Payable)	12.70	930.33	12.89	936.70

ii. Foreign currency sensitivity:

The following table demonstrates the sensitivity to a 5% increase/decrease in foreign currencies exchange rates, with all other variables held constant 5% increase or decrease in foreign exchange rate will have the following impact on before profit before tax.

Particulars	As at March 31, 2022		As at March 31, 2021	
	5% Increase	5% Decrease	5% Increase	5% Decrease
If INR has (Strengthened)/Weakened against Foreign Currency				
Net Impact on Profit and Loss	46.52	(46.52)	46.83	(46.83)
Net Impact on Equity	34.81	(34.81)	35.05	(35.05)

iii. Forward foreign exchange contracts/ Options/ Derivatives

It is the policy of the Company to enter into forward foreign exchange contracts/Options & Derivatives to cover foreign currency payments in USD. The Company enters into contracts with terms upto 90 days. The Company's philosophy does not permit any speculative calls on the currency. It is driven by conservatism which guides that company follow conventional wisdom by use of Forward contracts in respect of Trade transactions.

The Company will alter its hedge strategy in relation to the prevailing regulatory framework and guidelines that may be issued by RBI, FEDAI or ISDA or other regulatory bodies from time to time.

Based on the outstanding details of import payable and exports receivable (on event basis) the net trade import exposure is arrived at (i.e. Imports - Exports = Net trade exposures).

Forward cover or options covers is obtained from Banks or Merchant House for each of the aggregated exposures and the Trade deal is booked. The forward cover deals are all backed by actual trade underlines and settlement of these contracts on maturity are by actual delivery of the hedged currency for settling the underline hedged trade transaction.

b. Credit Risk

Credit risk is the risk that counter party will not meet its obligation leading to a financial loss. The Company is exposed to credit risk arising from its operating activities primarily from trade receivables, financing activities and relating to parking of surplus funds as Deposits with Banks. The Company considers probability of default upon initial recognition of assets and where there has been a significant increase in credit risk and on an ongoing basis throughout the reporting period.

Financial Instruments and Cash Deposit:

Credit risk from balances with Banks and Financial Institutions is managed by the Company's finance department. Investments of surplus funds are made only with approved counter parties and within credit limits assigned to each counterparty. The limits are set to minimise the concentration of risks and thereby mitigate financial loss through counterparty's potential failure to make payments.

Trade Receivables

The Marketing department has established a credit policy under which each new customer is analysed individually for creditworthiness before the Company's standard payment and delivery terms and conditions are offered. The Company's review includes external ratings, if they are available, and in some cases bank references. Sale limits are established for each customer and reviewed periodically. Trade Receivables of the Company are typically unsecured, except export receivable which is covered through ECOC and to the extent of the security deposits/advances received from the customers or financial guarantees provided by the market organizers in the business. Credit risk is managed through credit approvals and periodic monitoring of the credit worthiness of customers to whom credit terms in the normal course of business are provided. The allowance for impairment of Trade receivables is created to the extent and as and when required, based on the actual collectability of accounts Receivables. The Company evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and industries and operate in largely independent markets.

The Company measures the expected credit loss of trade receivables and loans from customers based on historical trend, industry practices and the business environment in which the entity operates. Loss rates are based on actual credit loss exposure and past trends.

c. LIQUIDITY RISK

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities (comprising the undrawn borrowing facilities below), by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities.

The liquidity risk is managed by means of the ultimate parent company's Liquidity and Financial Indebtedness Management Policy, which aims to ensure the availability of sufficient net funds to meet the Company's financial commitments with minimal additional cost. One of the main liquidity monitoring measurement instruments is the cash flow projection, using a minimum projection period of 12 months from the benchmark date.

TEMBO GLOBAL INDUSTRIES LIMITED
NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED MARCH 31, 2022

55 FIRST TIME ADOPTION OF IND AS:

These are the Company's first financial statements prepared in accordance with Ind AS. The Company's opening Ind AS Balance Sheet was prepared as at April 1, 2020 i.e. the Company's date of transition to Ind AS. In preparing the Opening Balance Sheet, the Company has applied the mandatory exceptions and certain optional exemptions from full retrospective application of Ind AS in accordance with the guidance in Ind AS 101 'First Time Adoption of Indian Accounting Standards'.

This note explains the principal adjustments made by the Company in restating its previous GAAP financial statements to Ind AS, in the opening Balance Sheet as at April 1, 2020 and in the financial statements for the year ended March 31, 2020.

A. Exemptions and exceptions availed

Set out below are the applicable Ind AS 101 optional exemptions and mandatory exceptions applied in the transition from previous GAAP to Ind AS.

A.1 Ind AS optional exemptions

Deemed cost:

Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition after making necessary adjustments for de-commissioning liabilities. This exemption can also be used for intangible assets covered by Ind AS 38, Intangible Assets. Accordingly, the Company has elected to measure all of its property, plant and equipment and intangible assets at their previous GAAP carrying value.

A.2 Ind AS mandatory exceptions

Estimates

On an assessment of the estimates made under previous GAAP the Company has concluded that there was no necessity to revise the estimates under Ind AS except where estimates were required by Ind AS and not required by previous GAAP or the basis of measurement were different.

The remaining mandatory exceptions either do not apply or are not relevant to the Company.

TEMBO GLOBAL INDUSTRIES LIMITED
NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED MARCH 31, 2022

RECONCILIATION NOTES:

1. Borrowing cost adjustments :

Under the previous GAAP, processing fees paid on loan taken from Bank/NBFC charged to Profit and Loss with full amount at the time of payments to bank. Under Ind AS, it has to be amortised over the period of tenor of loan on the basis of Effective Interest Rate.

Consequent to this change, the amount of assets increased by Rs. 12.87 lakhs and profit increased by Rs. 12.87 lakhs during the financial year 2020-21. Borrowing cost of Rs. 7.16 was amortised during the year 2020-21. The equity of the company during FY 2020-21 is increased by Rs. 16.50 lakhs (Net of Tax effect of Rs.6.16 lakhs) and equity of the company increased by Rs. 12.24 lakhs as at April 1, 2020 (Net of Tax Effect of Rs. 4.71 lakhs).

2. Security deposits:

Under the previous GAAP, interest free security deposits (that are refundable in cash on completion of the contract term) are recorded at their transaction value. Under Ind AS, all financial assets are required to be recognised at fair value. Accordingly, the company has fair valued these security deposits under Ind AS. Difference between the fair value and transaction value of the security deposit has been recognised as pre-paid expense.

Consequent to this change, the amount of security deposits decreased by Rs. 3.42 lakhs as at March 31, 2021 (April 01, 2020 Rs. 18.50 lakhs). The pre-paid expense increased by Rs. 3.42 lakhs as at March 31, 2021.

The profit of the company decreased by Rs. 0.16 lakhs and total equity of the company decreased by Rs. 0.12 lakhs as during FY 2020-21 (Net of Tax Effect of Rs.0.04) due to amortisation of the prepaid expense of Rs. 1.97 lakhs which is partially off-set by the notional interest income of Rs. 1.81 lakhs recognised on security deposits.

3. Lease Liability and Right of use assets Adjustment (As a Lessee)

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and accumulated impairment losses.

Consequent to this change, the equity of the company has increased by Rs. 14.56 (Net of Tax Effect of Rs 4.89) and the profit of the company has increase by Rs. 19.45 lakhs as during FY 2020-21.

4. Derivatives Adjustment

The company recognise unrealised gain / loss on outstanding derivative contracts at the end of each reporting period.

Consequent to this change, the equity of the company has increased by Rs. 1.70 (Net of Tax Effect of Rs. 0.57 lakhs) and profit of the company has increased by Rs. 2.27 lakhs as during FY 2020-21.

5. Deferred Revenue Adjustment

As per Ind AS, revenue from sale of goods shall be recognised only when the entity has transferred to the buyer the significant risks and rewards of ownership of the goods

Revenue from export of goods is recognised at the time of delivery of goods to port of dispatch. The revenue is defferred from the date of invoice till the date of delivery of goods to the port of dispatch.

Consequent to this change, the equity of the company has decreased by Rs. 60.59 (Net of Tax Effect of Rs. 20.39 lakhs) and profit of the company has decreased by Rs. 80.98 lakhs as during FY 2020-21.

Retained earnings as at April 1, 2020 has been adjusted consequent to the above Ind AS transition adjustments.

The notes are an integral part of these financial statements.

TEMBO GLOBAL INDUSTRIES LIMITED
NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED MARCH 31, 2022

1 Company Overview

These statements comprise financial statements of Tembo Global Industries Limited (Formerly known as Saketh Exim Limited) (CIN: L29253MH2010PLC204331) ('the company') for the year ended March 31, 2022. The company is a public company domiciled in India and was incorporated on 16.06.2010 under the provisions of the Companies Act 1956 applicable in India. The Registered Office of the company is situated at D-146/147, MIDC TTC Industrial, Estate, Opp Balmer Lawrie, Turbhe, Navi Mumbai 400703.

2 Summary of significant accounting policies

a) Statement of compliance

Standalone Financial Statements have been prepared in accordance with the accounting principles generally accepted in India including Indian Accounting Standards (Ind AS) prescribed under the section 133 of the Companies Act, 2013 read with rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation and disclosures requirement of Division II of revised Schedule III of the Companies Act 2013, (Ind AS Compliant Schedule III), as applicable to standalone financial statement.

Accordingly, the Company has prepared these Standalone Financial Statements which comprise the Balance Sheet as at 31 March, 2022, the Statement of Profit and Loss, the Statement of Cash Flows and the Statement of Changes in Equity for the year ended as on that date, and accounting policies and other explanatory information (together hereinafter referred to as "Standalone Financial Statements" or "financial statements")

These financial statements are the first financial statements of the Company under Ind AS. Refer note 54 for an explanation of how the transition from previous GAAP to Ind AS has affected the Company's financial position, financial performance and cash flows.

The Ministry of Corporate Affairs (MCA) through a notification, amended Schedule III to the Companies Act, 2013 which is applicable from 1 April, 2021 and accordingly the presentation for line items in balance sheet is based on the amended schedule III and corresponding numbers as at 31 March, 2021 have been regrouped/reclassified.

b) Basis of preparation and presentation

The Standalone Financial Statements have been prepared on the as per applicable IND AS reporting standards as on March 31, 2022 & corresponding figures as on March 31, 2021 & as on April 1, 2021 have been restated.

The Financial Statement is presented in INR and all values are rounded to the nearest Lakhs except when otherwise stated.

Key sources of estimation uncertainty and critical accounting judgements

In the course of applying the policies outlined in all notes under section 2 above, the Company is required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

a) Key sources of estimation uncertainty

A. Useful lives of property, plant and equipment

Management reviews the useful lives of property, plant and equipment at least once a year. Such lives are dependent upon an assessment of both the technical lives of the assets and also their likely economic lives based on various internal and external factors including relative efficiency and operating costs. This reassessment may result in change in depreciation and amortisation expected in future periods.

B. Contingencies

In the normal course of business, contingent liabilities may arise from litigation and other claims against the Company. Potential liabilities that are possible but not probable of crystallising or are very difficult to quantify reliably are treated as contingent liabilities. Such liabilities are disclosed in the notes but are not recognised. The cases which have been determined as remote by the Company are not disclosed.

Contingent assets are neither recognised nor disclosed in the financial statements unless when an inflow of economic benefits is certain.

C. Taxes

Pursuant to the announcement of the changes in the corporate tax regime, the Companies have an option to either opt for the new tax regime or continue to pay taxes as per the old applicable tax structure together with the other benefits available to the Companies including utilisation of the MAT credit available. This requires significant estimation in determining in which year the company would migrate to the new tax regime basis future year's taxable profits including the impact of ongoing expansion plans of the Company and consequential utilisation of available MAT credit. Accordingly, in accordance with IND AS 12 - Income Taxes, deferred tax assets and liabilities are required to be measured at the tax rates that are expected to apply to the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

D. Recognition and measurement of defined benefit obligations

The obligation arising from the defined benefit plan is determined on the basis of actuarial valuation. Key actuarial assumptions include discount rate, trends in salary escalation and vested future benefits and life expectancy. The discount rate is determined with reference to market yields at the end of the reporting period on the government bonds. The period to maturity of the underlying bonds correspond to the probable maturity of the post-employment benefit obligations

E. Allowance for uncollected accounts receivable and advances

Trade receivables do not carry any interest and are stated at their normal value as reduced by appropriate allowances for estimated irrecoverable amounts. Individual trade receivables are written off when management seems them not collectible. Impairment is made using expected credit loss model.

TEMBO GLOBAL INDUSTRIES LIMITED
NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED MARCH 31, 2022

The impairment provisions for financial assets are based on assumption about risk of default and expected loss rates. Judgement in making these assumption and selecting the inputs to the impairment calculation are based on past history, existing market condition as well as forward looking estimates at the end of each reporting period.

F Allowances for inventories

Management reviews the inventory age listing on a periodic basis. The review involves comparison of the carrying value of the aged inventory items. The purpose is to ascertain whether an allowance is required to be made in the standalone financial statement for any obsolete and slow-moving items. Management is satisfied that adequate allowance for obsolete and slow-moving inventories has been made in the financial statements.

Management also reviews net realisable value for all its inventory and is satisfied that adequate allowance has been made in the financial statements.

Current and non-current classification

The Company presents assets and liabilities in the balance sheet based on current / noncurrent classification.

An asset is classified as current when it satisfies any of the following criteria :

- it is expected to be realised in, or is intended for sale or consumption in, the Company's normal operating cycle. it
- it is expected to be realised within 12 months after the reporting date; or
- it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12

All other assets are classified as non-current.

A liability is classified as current when it satisfies any of the following criteria:

All other liabilities are classified as non-current.

c) Revenue Recognition

A. Sale of Goods

The Company recognises revenue when control over the promised goods or services is transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services.

The Company recognises revenue generally at the point in time when the products are delivered to customer or when it is delivered to a carrier for export sale, which is when the control over product is transferred to the customer. In contracts where freight is arranged by the Company and recovered from the customers, the same is treated as a separate performance obligation and revenue is recognised when such freight services are rendered.

Contract balances

a) Trade receivables

A receivable is recognised when the goods are delivered and to the extent that it has an unconditional contractual right to receive cash or other financial assets (i.e., only the passage of time is required before payment of the consideration is due).

b) Contract Liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Company performs under the contract including Advance received from Customer.

TEMBO GLOBAL INDUSTRIES LIMITED
NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED MARCH 31, 2022

B. Interest Income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis.

d) Leases

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

Right-of-use assets

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and accumulated impairment losses.

e) Foreign currencies

The functional currency of the Company is determined on the basis of the primary economic environment in which it operates. The functional currency of the Company is Indian National Rupee (INR).

The transactions in currencies other than the entity's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting year, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognised in Statement of Profit and Loss in the year in which they arise.

f) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognised in the Statement of Profit and Loss in the year in which they are incurred.

g) Employee benefits

a) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

b) Gratuity obligations

The company has recognised its obligation to its employees as per the actuarial valuation report obtained from an independent actuary & has not yet commenced to invest in any of defined benefit plans.

h) Taxes

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

Current tax is the amount of expected tax payable based on the taxable profit for the year as determined in accordance with the applicable tax rates and the provisions of the Income Tax Act, 1961.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

Current and deferred tax for the year

Current and deferred tax are recognised in profit and loss, except when they are relating to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

i) Property, plant and equipment

The cost of property, plant and equipment comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, including relevant borrowing costs for qualifying assets and any expected costs of decommissioning. Expenditure incurred after the property, plant and equipment have been put into operation, such as repairs and maintenance, are charged to the Statement of Profit and Loss in the year in which the costs are incurred. Major shut-down and overhaul expenditure is capitalised as the activities undertaken improves the economic benefits expected to arise from the asset.

TEMBO GLOBAL INDUSTRIES LIMITED
NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED MARCH 31, 2022

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in Statement of Profit and Loss.

The Company has elected to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements on transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition.

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value. Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 except in respect of following categories of assets, in whose case the life of the assets has been assessed as under based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support etc.

The Company reviews the residual value, useful lives and depreciation method annually and, if expectations differ from previous estimates, the change is accounted for as a change in accounting estimate on a prospective basis.

j) Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses.

Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting year.

Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all of intangible assets recognised as at April 1, 2020 measured as per the previous GAAP and use that carrying value as the deemed cost of intangible assets after making necessary adjustment for mine reclamation provision.

k) Inventories

Inventories are stated at the lower of cost and net realisable value.

Cost of raw materials include cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost of semifinished /finished goods and work in progress include cost of direct materials and labor and a proportion of manufacturing overheads based on the normal operating capacity but excluding borrowing costs.

Costs of inventories are determined on weighted average basis. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

l) Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive), as a result of past events, and it is probable that an outflow of resources, that can be reliably estimated, will be required to settle such an obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the balance sheet date, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

m) Investment in subsidiaries

Investment in subsidiaries are shown at cost in accordance with the option available in Ind AS 27, 'Separate Financial Statements'. Where the carrying amount of an investment is greater than its estimated recoverable amount, it is written down immediately to its recoverable amount and the difference is transferred to the Statement of Profit and Loss.

The Company has elected to continue with carrying value of all its investment in subsidiaries recognised as on transition date, measured as per the previous GAAP and use that carrying value as its deemed cost as of transition date.

n) Financial Instruments

Financial assets and financial liabilities are recognised when an entity becomes a party to the contractual provisions of the instrument.

A. Financial assets

a) Recognition and initial measurement

A financial asset is initially recognised at fair value and, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition or issue.

b) Classification of financial assets

Financial assets are classified, at initial recognition and subsequently measured at amortised cost, fair value through other comprehensive income (OCI), and fair value through profit and loss.

c) Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

d) Impairment

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments at FVTOCI, lease receivables, trade receivables, other contractual rights to receive cash

TEMBO GLOBAL INDUSTRIES LIMITED
NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED MARCH 31, 2022

or other financial asset.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights.

B. Financial liabilities and equity instruments

a) Classification as debt or equity

Debt and equity instruments issued by a company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

b) Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

c) Financial liabilities

Financial liabilities are classified as either financial liabilities 'at FVTPL' or 'other financial liabilities'.

Financial liabilities at FVTPL:

Financial liabilities are classified as at FVTPL when the financial liability is either held for trading or it is designated as A financial liability is classified as held for trading if:

- It has been incurred principally for the purpose of repurchasing it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

Derecognition of financial liabilities:

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the Statement of Profit and Loss.

C. Derivative Instruments and Hedge Accounting

a) Derivative financial instruments

The Company enters into a variety of derivative financial instruments to manage its exposure to interest rate, commodity price and foreign exchange rate risks, including foreign exchange forward contracts, interest rate swaps and cross currency swaps.

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting year. The resulting gain or loss is recognised in Statement of Profit and Loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in Statement of Profit and Loss depends on the nature of the hedge item.

o) Segment Reporting:

Operating segments are reported as determined in a manner consistent with the internal reporting provided to the chief operating decision maker.

The Board of directors of the Company has been identified as the Chief Operating Decision Maker which reviews and assesses the financial performance and makes the strategic decisions.

p) Cash and cash equivalents:

Cash and cash equivalent in the Balance Sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to insignificant risk of changes in value.

For the purpose of the Statement of cash flows, cash and cash equivalent consists of cash and short-term deposits, as defined above.

q) Earnings per share:

Basic earnings per share is computed by dividing the profit and loss after tax by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for treasury shares, bonus issue, bonus element in a rights issue to existing shareholders, share split and reverse share split (consolidation of shares).

Diluted earnings per share is computed by dividing the profit or loss after tax as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares including the treasury shares held by the Company to satisfy the exercise of the share options by the employees.

r) Dividend to Shareholders

Annual dividend distribution to the shareholders is recognised as a liability in the period in which the dividends are approved by the shareholders. Interim dividend paid (if any) is recognised on approval by Board of Directors.

s) Contingent Liabilities, Contingent Assets and Commitments

Contingent liabilities are not recognised but disclosed in the Consolidated Financial Statements. Contingent assets are neither recognised nor disclosed in the Financial Statements.

Provisions, contingent liabilities, contingent assets and commitments are reviewed at each balance sheet date.

In terms of our report of even date

(I) General reserve

Under the erstwhile Indian Companies Act 2013, a general reserve was created through an annual transfer of net income at a specified percentage in accordance with applicable regulations. The purpose of these transfers was to ensure that if a dividend distribution in a given year is more than 10% of the paid-up capital of the Company for that year, then the total dividend distribution is less than the total distributable reserves for that year.

(II) Retained Earnings

Retained earnings are the profits that the Company has earned till date, less any transfers to general reserve, dividends or other distributions paid to shareholders. Retained earnings includes re-measurement loss / (gain) on defined benefit plans, net of taxes that will not be reclassified to Statement of Profit and Loss. Retained earnings is a free reserve available to the Company.

(III) Securities Premium

The amount received in excess of face value of the equity shares is recognised in securities premium. This reserve is utilised in accordance with the specific provisions of the Companies Act 2013.

Particulars	As at	As at	As at
	March 31, 2022	March 31, 2021	April 01, 2020
Discount rate	5.15%	5.00%	6.00%
Salary Growth rate	7.00%	7.00%	7.00%

The discount rates reflects the prevailing market yields of Indian Government securities as at the Balance Sheet date for the estimated term of the obligations.

The estimates of future salary increases, considered in actuarial valuation, takes into account, inflation, seniority, promotions and other relevant factors, such as demand and supply in the employment market.

The expected rate of return of plan assets is the Company's expectation of the average long term rate of return expected on investments of the fund during the estimated term of the obligations.

Sensitivity Analysis

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions by 100 basis Point is:

Particulars	Impact on defined benefit obligation			
	Increase in assumptions		Decrease in assumptions	
	March 31, 2022	March 31, 2021	March 31, 2022	March 31, 2021
Discount rate	-2.40%	-2.31%	2.53%	2.43%
Salary growth rate	2.94%	2.84%	-2.84%	-2.74%

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied which has been used for calculating the defined benefit liability recognised in the Balance Sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

Expected Contribution to the Fund in the next year:

Gratuity	-	-	-

iv) **Risk Exposure**

The Gratuity scheme is a final salary Defined Benefit Plan that provides for a lump sum payment made on exit either by way of retirement, death, disability or voluntary withdrawal. The benefits are defined on the basis of final salary and the period of service and paid as lump sum at exit. The risks commonly affecting the defined benefit plan are expected to be:

Demographic Risk: This is the risk of variability of results due to unsystematic nature of decrements that include mortality, withdrawal, disability and retirement. The effect of these decrements on the defined benefit obligation is not straight forward and depends upon the combination of salary increase, discount rate and vesting criteria. It is important not to overstate withdrawals because in the financial analysis the retirement benefit of a short career employee typically costs less per year as compared to a long service employee.

Salary Inflation Risk : Higher than expected increases in salary will increase the defined benefit obligation

Interest-Rate Risk: The defined benefit obligation calculated uses a discount rate based on government bonds. If bond yields fall, the defined benefit obligation will tend to increase.

v) **Defined Benefit Liability and Employer Contributions**

The company considers that the contribution rates set at the last valuation date are sufficient to eliminate the deficit over the agreed period and that regular contributions, which are based on service costs, will not increase significantly.

The weighted average duration of the defined benefit obligation is 0.00 years The expected maturity analysis of undiscounted gratuity is as follows:

Total Financial Liabilities	5,990.45	5,525.24	2,959.60

(ii) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level is as follows.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

iii) Fair value of financial assets and liabilities measured at amortised cost

The carrying amounts of term deposits and interest there on, trade receivables, cash and cash equivalents, other financial assets, borrowings, trade payables and other current financial liabilities are considered to be the same as their fair values due to their short-term nature.

The fair values of security deposits are based on discounted cash flows using a risk free rate of interest. They are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs, including own credit risk. Fair value of the security deposit is Rs.894.42 lakhs.

41 FINANCIAL RISK MANAGEMENT

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The risk management policy is approved by the Company's Board. The Company's principal financial liabilities comprise of loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations and to provide guarantees to support its operations in selected instances. The Company's principal financial assets include trade and other receivables, and cash and cash equivalents that derive directly from its operations. The company is exposed to market risk, credit risk, liquidity risk etc. The objective of the Company's financing policy are to secure solvency, limit financial risks and optimise the cost of capital. The Company's capital structure is managed using equity and debt ratios as part of the Company's financial planning.

a. Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk. Financial instruments affected by market risk include loans and borrowings, deposits and derivative financial instruments. The Company has designed risk management frame work to control various risks effectively to achieve the business objectives. This includes identification of risk, its assessment, control and monitoring at timely intervals.

The above mentioned risks may affect the Company's income and expenses, or the value of its financial instruments. The Company's exposure to and management of these risks are explained below:

i. Foreign Currency Risk:

The company is subject to the risk that changes in foreign currency values impact the company export and import.

The company is exposed to foreign exchange risk arising from various currency exposures, primarily with respect to US Dollar.

The company manages currency exposures within prescribed limits, through use of derivative instruments such as Forward contracts etc. Foreign currency transactions are covered with strict limits placed on the amount of uncovered exposure, if any, at any point of time.

Particulars	As at March 31, 2022		As at March 31, 2021	
	Amount in Foreign Currency	Amount in Rs.	Amount in Foreign Currency	Amount in Rs.
Foreign Currency Exposure(USD)				
Receivable	14.68	1,093.16	13.31	967.93
Payable	(1.97)	(162.83)	(0.42)	(31.23)
Netoff Receivable / (Payable)	12.70	930.33	12.89	936.70

ii. Foreign currency sensitivity:

The following table demonstrates the sensitivity to a 5% increase/decrease in foreign currencies exchange rates, with all other variables held constant 5% increase or decrease in foreign exchange rate will have the following impact on before profit before tax.

Particulars	As at March 31, 2022		As at March 31, 2021	
	5% Increase	5% Decrease	5% Increase	5% Decrease
If INR has (Strengthened)/Weakened against Foreign Currency				
Net Impact on Profit and Loss	46.52	(46.52)	46.83	(46.83)
Net Impact on Equity	34.81	(34.81)	35.05	(35.05)

iii. Forward foreign exchange contracts/Options/ Derivatives

It is the policy of the Company to enter into forward foreign exchange contracts/Options & Derivatives to cover foreign currency payments in USD. The Company enters into contracts with terms upto 90 days. The Company's philosophy does not permit any speculative calls on the currency. It is driven by conservatism which guides that company follow conventional wisdom by use of Forward contracts in respect of Trade transactions.

The Company will alter its hedge strategy in relation to the prevailing regulatory framework and guidelines that may be issued by RBI, FEDAI or ISDA or other regulatory bodies from time to time.

Based on the outstanding details of import payable and exports receivable (on event basis) the net trade import exposure is arrived at (i.e. Imports - Exports - Net trade exposures).

Forward cover or options covers is obtained from Banks or Merchant House for each of the aggregated exposures and the Trade deal is booked. The forward cover deals are all backed by actual trade underlines and settlement of these contracts on maturity are by actual delivery of the hedged currency for settling the underline hedged trade transaction.

b. Credit Risk

Credit risk is the risk that counter party will not meet its obligation leading to a financial loss. The Company is exposed to credit risk arising from its operating activities primarily from trade receivables, financing activities and relating to parking of surplus funds as Deposits with Banks. The Company considers probability of default upon initial recognition of assets and where there has been a significant increase in credit risk and on an ongoing basis throughout the reporting period.

Financial Instruments and Cash Deposits:

Credit risk from balances with Banks and Financial Institutions is managed by the Company's finance department. Investments of surplus funds are made only with approved counter parties and within credit limits assigned to each counterparty. The limits are set to minimise the concentration of risks and thereby mitigate financial loss through counterparty's potential failure to make payments.

Trade Receivables

The Marketing department has established a credit policy under which each new customer is analysed individually for creditworthiness before the Company's standard payment and delivery terms and conditions are offered. The Company's review includes external ratings, if they are available, and in some cases bank references. Sale limits are established for each customer and reviewed periodically. Trade Receivables of the Company are typically unsecured, except export receivable which is covered through ECGC and to the extent of the security deposits/advances received from the customers or financial guarantees provided by the market organizers in the business. Credit risk is managed through credit approvals and periodic monitoring of the credit worthiness of customers to whom credit terms in the normal course of business are provided. The allowance for impairment of Trade receivables is created to the extent and as and when required, based on the actual collectability of accounts Receivables. The Company evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and industries and operate in largely independent markets.

The Company measures the expected credit loss of trade receivables and loans from customers based on historical trend, industry practises and the business environment in which the entity operates. Loss rates are based on actual credit loss exposure and past trends.

c. LIQUIDITY RISK

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities (comprising the undrawn borrowing facilities below), by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities.

The liquidity risk is managed by means of the ultimate parent company's Liquidity and Financial Indebtedness Management Policy, which aims to ensure the availability of sufficient net funds to meet the Company's financial commitments with minimal additional cost. One of the main liquidity monitoring measurement instruments is the cash flow projection, using a minimum projection period of 12 months from the benchmark date.

53 FIRST TIME ADOPTION OF IND AS:

These are the Company's first financial statements prepared in accordance with Ind AS. The Company's opening Ind AS Balance Sheet was prepared as at April 1, 2020 i.e. the Company's date of transition to Ind AS. In preparing the Opening Balance Sheet, the Company has applied the mandatory exceptions and certain optional exemptions from full retrospective application of Ind AS in accordance with the guidance in Ind AS 101 'First Time Adoption of Indian Accounting Standards'.

This note explains the principal adjustments made by the Company in restating its previous GAAP financial statements to Ind AS, in the opening Balance Sheet as at April 1, 2020 and in the financial statements for the year ended March 31, 2020.

A. Exemptions and exceptions availed

Set out below are the applicable Ind AS 101 optional exemptions and mandatory exceptions applied in the transition from previous GAAP to Ind AS.

A.1 Ind AS optional exemptions

Deemed cost:

Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition after making necessary adjustments for de-commissioning liabilities. This exemption can also be used for intangible assets covered by Ind AS 38, Intangible Assets. Accordingly, the Company has elected to measure all of its property, plant and equipment and intangible assets at their previous GAAP carrying value.

A.2 Ind AS mandatory exceptions

Estimates

On an assessment of the estimates made under previous GAAP the Company has concluded that there was no necessity to revise the estimates under Ind AS except where estimates were required by Ind AS and not required by previous GAAP or the basis of measurement were different.

The remaining mandatory exceptions either do not apply or are not relevant to the Company.

TEMBO GLOBAL INDUSTRIES LIMITED
NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED MARCH 31, 2022

RECONCILIATION NOTES:

1. Borrowing cost adjustments :

Under the previous GAAP, processing fees paid on loan taken from Bank/NBFC charged to Profit and Loss with full amount at the time of payments to bank. Under Ind AS, it has to be amortised over the period of tenor of loan on the basis of Effective Interest Rate.

Consequent to this change, the amount of assets increased by Rs. 9.87 lakhs and profit increased by Rs. 9.87 lakhs during the financial year 2020-21 (Net of Tax effect of Rs.1.81 lakhs). Borrowing cost of Rs. 5.39 was amortised during the year 2020-21 (Net of Tax effect of Rs.3.31 lakhs). The equity of the company during FY 2020-21 is increased by Rs. 16.70 lakhs (Net of Tax effect of Rs.5.62 lakhs) and equity of the company increased by Rs. 12.24 lakhs as at April 1, 2020 (Net of Tax Effect of Rs. 4.12 lakhs).

2. Security deposits:

Under the previous GAAP, interest free security deposits (that are refundable in cash on completion of the contract term) are recorded at their transaction value. Under Ind AS, all financial assets are required to be recognised at fair value. Accordingly, the company has fair valued these security deposits under Ind AS. Difference between the fair value and transaction value of the security deposit has been recognised as pre-paid expense.

The profit of the company decreased by Rs. 0.19 lakhs as during FY 2020-21 (Net of Tax Effect of Rs.0.06) due to amortisation of the prepaid expense of Rs. 3.44 lakhs which is partially off-set by the notional interest income recognised on security deposits.

3. Lease Liability and Right of use assets Adjustment (As a Lessee)

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and accumulated impairment losses.

Consequent to this change, the equity of the company has increased by Rs. 2.63 (Net of Tax Effect of Rs. 0.89) and the profit of the company has increase by Rs. 2.82 lakhs as during FY 2020-21.

4. Derivatives Adjustment

The company recognise unrealised gain / loss on outstanding derivative contracts at the end of each reporting period.

Consequent to this change, the equity of the company has increased by Rs. 1.70 (Net of Tax Effect of Rs. 0.57 lakhs) and profit of the company has increased by Rs. 1.70 lakhs as during FY 2020-21.

5. Deferred Revenue Adjustment

As per Ind AS, revenue from sale of goods shall be recognised only when the entity has transferred to the buyer the significant risks and rewards of ownership of the goods.

Revenue from export of goods is recognised at the time of delivery of goods to port of dispatch. The revenue is deferred from the date of invoice till the date of delivery of goods to the port of dispatch.

Consequent to this change, the equity of the company has decreased by Rs. 60.59 (Net of Tax Effect of Rs. 20.39 lakhs) and profit of the company has decreased by Rs. 60.59 lakhs as during FY 2020-21.

Retained earnings as at April 1, 2020 has been adjusted consequent to the above Ind AS transition adjustments.

The notes are an integral part of these financial statements.

Key sources of estimation uncertainty and critical accounting judgements

In the course of applying the policies outlined in all notes under section 2 above, the Company is required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

a) Key sources of estimation uncertainty

A. Useful lives of property, plant and equipment

Management reviews the useful lives of property, plant and equipment at least once a year. Such lives are dependent upon an assessment of both the technical lives of the assets and also their likely economic lives based on various internal and external factors including relative efficiency and operating costs. This reassessment may result in change in depreciation and amortisation expected in future periods.

B. Contingencies

In the normal course of business, contingent liabilities may arise from litigation and other claims against the Company. Potential liabilities that are possible but not probable of crystallising or are very difficult to quantify reliably are treated as contingent liabilities. Such liabilities are disclosed in the notes but are not recognised. The cases which have been determined as remote by the Company are not disclosed.

Contingent assets are neither recognised nor disclosed in the financial statements unless when an inflow of economic benefits is certain.

C. Taxes

Pursuant to the announcement of the changes in the corporate tax regime, the Companies have an option to either opt for the

TEMBO GLOBAL INDUSTRIES LIMITED
NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED MARCH 31, 2022

new tax regime or continue to pay taxes as per the old applicable tax structure together with the other benefits available to the Companies including utilisation of the MAT credit available. This requires significant estimation in determining in which year the company would migrate to the new tax regime basis future year's taxable profits including the impact of ongoing expansion plans of the Company and consequential utilisation of available MAT credit. Accordingly, in accordance with IND AS 12 - Income Taxes, deferred tax assets and liabilities are required to be measured at the tax rates that are expected to apply to the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

D. Recognition and measurement of defined benefit obligations

The obligation arising from the defined benefit plan is determined on the basis of actuarial valuation. Key actuarial assumptions include discount rate, trends in salary escalation and vested future benefits and life expectancy. The discount rate is determined with reference to market yields at the end of the reporting period on the government bonds. The period to maturity of the underlying bonds correspond to the probable maturity of the post-employment benefit obligations.

E. Allowance for uncollected accounts receivable and advances

Trade receivables do not carry any interest and are stated at their normal value as reduced by appropriate allowances for estimated irrecoverable amounts. Individual trade receivables are written off when management seems them not collectible. Impairment is made using expected credit loss model.

The impairment provisions for financial assets are based on assumption about risk of default and expected loss rates. Judgement in making these assumption and selecting the inputs to the impairment calculation are based on past history, existing market condition as well as forward looking estimates at the end of each reporting period.

F Allowances for inventories

Management reviews the inventory age listing on a periodic basis. The review involves comparison of the carrying value of the aged inventory items. The purpose is to ascertain whether an allowance is required to be made in the consolidated financial statement for any obsolete and slow-moving items. Management is satisfied that adequate allowance for obsolete and slow-moving inventories has been made in the financial statements.

Management also reviews net realisable value for all its inventory and is satisfied that adequate allowance has been made in the financial statements.

Current and non-current classification

The Company presents assets and liabilities in the balance sheet based on current / noncurrent classification.

An asset is classified as current when it satisfies any of the following criteria :

- it is expected to be realised in, or is intended for sale or consumption in, the Company's normal operating cycle. it is
- it is expected to be realised within 12 months after the reporting date; or
- it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12

All other assets are classified as non-current.

A liability is classified as current when it satisfies any of the following criteria:

All other liabilities are classified as non-current.

c) Revenue Recognition

A. Sale of Goods

The Company recognises revenue when control over the promised goods or services is transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services.

The Company recognises revenue generally at the point in time when the products are delivered to customer or when it is delivered to a carrier for export sale, which is when the control over product is transferred to the customer. In contracts where freight is arranged by the Company and recovered from the customers, the same is treated as a separate performance obligation and revenue is recognised when such freight services are rendered.

Contract balances

a) Trade receivables

A receivable is recognised when the goods are delivered and to the extent that it has an unconditional contractual right to

b) Contract Liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Exchange differences on monetary items are recognised in Statement of Profit and Loss in the year in which they arise.

f) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that

TEMBO GLOBAL INDUSTRIES LIMITED
NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED MARCH 31, 2022

necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, All other borrowing costs are recognised in the Statement of Profit and Loss in the year in which they are incurred.

g) Employee benefits

a) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

b) Gratuity obligations

The company has recognised its obligation to its employees as per the actuarial valuation report obtained from an independent actuary & has not yet commenced to invest in any of defined benefit plans.

h) Taxes

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

Current tax is the amount of expected tax payable based on the taxable profit for the year as determined in accordance with the applicable tax rates and the provisions of the Income Tax Act, 1961.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

Current and deferred tax for the year

Current and deferred tax are recognised in profit and loss, except when they are relating to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

i) Property, plant and equipment

The cost of property, plant and equipment comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, including relevant borrowing costs for qualifying assets and any expected costs of decommissioning. Expenditure incurred after the property, plant and equipment have been put into operation, such as repairs and maintenance, are charged to the Statement of Profit and Loss in the year in which the costs are incurred. Major shut-down and overhaul expenditure is capitalised as the activities undertaken improves the economic benefits expected to arise from the asset.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in Statement of Profit and Loss.

The Company has elected to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements on transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition.

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value. Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 except in respect of following categories of assets, in whose case the life of the assets has been assessed as under based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support etc.

The Company reviews the residual value, useful lives and depreciation method annually and, if expectations differ from previous estimates, the change is accounted for as a change in accounting estimate on a prospective basis.

j) Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses.

Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting year.

Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all of intangible assets recognised as at April 1, 2020 measured as per the previous GAAP and use that carrying value as the deemed cost of intangible assets after making necessary adjustment for mine reclamation provision.

k) Inventories

Inventories are stated at the lower of cost and net realisable value.

Cost of raw materials include cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost of semifinished /finished goods and work in progress include cost of direct materials and labor and a proportion of manufacturing overheads based on the normal operating capacity but excluding borrowing costs.

Costs of inventories are determined on weighted average basis. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

l) Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive), as a result of past events, and it is probable that an outflow of resources, that can be reliably estimated, will be required to settle such an obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the balance sheet date, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

m) Investment in subsidiaries

Investment in subsidiaries are shown at cost in accordance with the option available in Ind AS 27, 'Separate Financial Statements'. Where the carrying amount of an investment is greater than its estimated recoverable amount, it is written down immediately to its recoverable amount and the difference is transferred to the Statement of Profit and Loss.

The Company has elected to continue with carrying value of all its investment in subsidiaries recognised as on transition date, measured as per the previous GAAP and use that carrying value as its deemed cost as of transition date.

n) Financial Instruments

Financial assets and financial liabilities are recognised when an entity becomes a party to the contractual provisions of the instrument.

A. Financial assets

a) Recognition and initial measurement

A financial asset is initially recognised at fair value and, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition or issue.

b) Classification of financial assets

Financial assets are classified, at initial recognition and subsequently measured at amortised cost, fair value through other comprehensive income (OCI), and fair value through profit and loss.

c) Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

d) Impairment

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments at FVTOCI, lease receivables, trade receivables, other contractual rights to receive cash or other financial asset.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights.

B. Financial liabilities and equity instruments

a) Classification as debt or equity

Debt and equity instruments issued by a company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

b) Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

c) Financial liabilities

Financial liabilities are classified as either financial liabilities 'at FVTPL' or 'other financial liabilities'.

Financial liabilities at FVTPL:

Financial liabilities are classified as at FVTPL when the financial liability is either held for trading or it is designated as at A financial liability is classified as held for trading if:

- It has been incurred principally for the purpose of repurchasing it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or

- it is a derivative that is not designated and effective as a hedging instrument.

Derecognition of financial liabilities:

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the Statement of Profit and Loss.

C. Derivative Instruments and Hedge Accounting

a) Derivative financial instruments

The Company enters into a variety of derivative financial instruments to manage its exposure to interest rate, commodity price and foreign exchange rate risks, including foreign exchange forward contracts, interest rate swaps and cross currency swaps.

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting year. The resulting gain or loss is recognised in Statement of Profit and Loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in Statement of Profit and Loss depends on the nature of the hedge item.

o) Segment Reporting:

Operating segments are reported as determined in a manner consistent with the internal reporting provided to the chief. The Board of directors of the Company has been identified as the Chief Operating Decision Maker which reviews and assesses the financial performance and makes the strategic decisions.

p) Cash and cash equivalents:

Cash and cash equivalent in the Balance Sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to insignificant risk of changes in value.

For the purpose of the Statement of cash flows, cash and cash equivalent consists of cash and short-term deposits, as defined above.

q) Earnings per share:

Basic earnings per share is computed by dividing the profit and loss after tax by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for treasury shares, bonus issue, bonus element in a rights issue to existing shareholders, share split and reverse share split. Diluted earnings per share is computed by dividing the profit or loss after tax as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares including the treasury shares held by the Company to satisfy the exercise of the share options by the employees.

r) Dividend to Shareholders

Annual dividend distribution to the shareholders is recognised as a liability in the period in which the dividends are approved by the shareholders. Interim dividend paid (if any) is recognised on approval by Board of Directors.

s) Contingent Liabilities, Contingent Assets and Commitments

Contingent liabilities are not recognised but disclosed in the Consolidated Financial Statements. Contingent assets are Provisions, contingent liabilities, contingent assets and commitments are reviewed at each balance sheet date.

The notes are an integral part of these financial statements.

INDEPENDENT AUDITOR'S REPORT

To

The Members of

Tembo Global Industries Limited (Formerly Known as Saketh Exim Limited)

Report on Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **TEMBO GLOBAL INDUSTRIES LIMITED (Formerly Known as SAKETH EXIM LIMITED)** ("the Company"), which comprise the Balance Sheet as at 31st March, 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of Changes in Equity and the Standalone Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the company as at 31st March, 2022, the loss and total comprehensive loss, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Other Matters

Some of the employees at the company's factory had tried to embezzle inventories amounting to approx. Rs. 50lacs as per the stock exchange filing made by the company on 28.04.2022. However, as explained to us there was no loss incurred by the company as the embezzled inventories were within the factory premises and disciplinary actions have been initiated against the employees involved in the said attempt of embezzlement.

Our report is not qualified in respect of these matters.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Other Information

The company's management and Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Company’s Annual Reportbut does not include the standalonefinancial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalonefinancial statements, our responsibility is to read the other information, and in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit,or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management and Those Charged with Governance for the Standalone Financial Statements

The company's management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objective is to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- * Identify and assess the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- * Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances under section 143(3)(i) of the Act. We are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- * Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- * Conclude on the appropriateness of management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- * Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence and, where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that are of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when in extremely rare circumstances, we determine that a matter should not be communicated in our

report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the order") issued by the Central Government of India in terms of Section 143 (11) of the Act, we give in "**Annexure A**" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by section 143 (3), we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the company so far as it appears from our examination of those books.
 - c) The standalone Balance Sheet, the statement of Profit and Loss including Other Comprehensive Income, the standalone statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of accounts.
 - d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of the written representations received from the directors as on 31st March, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2022 from being appointed as a director in terms of section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the company and the operating effectiveness of such controls, refer to our separate report in "**Annexure B**".
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i) The company has disclosed the impact of pending litigations on its financial position in its standalone financial statements (Refer Note 27 to the Standalone Financial Statements).
 - ii) The company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.

iv)a) The Management has represented that, to the best of its knowledge and belief (Refer Note 50(i)to the Standalone Financial Statements), no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever (“Ultimate Beneficiaries”) by or on behalf of the Company or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

b) The Management has represented that, to the best of its knowledge and belief (Refer Note 50(i)to the Standalone Financial Statements), no funds have been received by the Company from any persons or entities, including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever (“Ultimate Beneficiaries”) by or on behalf of the Funding Parties or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

c)Based on the audit procedures performed that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b)of Rule 11(e) mentioned abovecontain any material mis-statement.

v)The dividend declared and paid during the year by the Company is in compliance with Section 123 of the Act.

h) In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is **not** in accordance with the provisions of Section 197 of the Act (Refer Note 53). The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

- xvii. The Company has not incurred cash losses in the current and in the immediately preceding financial year.
- xviii. There has been no resignation of the statutory auditors during the year. Accordingly, clause 3(xviii) of the Order is not applicable.
- xix. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the standalone financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit-report and we give neither any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xx. In our opinion and according to the information and explanations given to us, provisions of Section 135 of the Act is not applicable to the company. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the order are not applicable.

“Annexure –B” to the Auditors’ Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **TEMBO GLOBAL INDUSTRIES LIMITED (Formerly Known as SAKETH EXIM LIMITED)** (“the Company”) as of 31st March 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

INDEPENDENT AUDITOR'S REPORT

To

The Members of

TEMBO GLOBAL INDUSTRIES LIMITED (Formerly Known as SAKETH EXIM LIMITED)

Report on Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of TEMBO GWBAL INDUSTRIES LIMITED (Formerly Known as SAKETH EXIM LIMITED) (hereinafter referred to as "the Holding Company") and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at 31st March, 2022, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year ended on that date, and a summary of the Consolidated significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate financial statements and other financial information of the subsidiary, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the company as at 31st March, 2022, the consolidated profit and other comprehensive income, consolidated statement changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the Consolidated Financial Statements" section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India

(ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matters	How the matter was addressed in our audit
Adoption of IND-AS and Related Restatement	
<p>During the year under review, the holding company has adopted IND-AS along with its subsidiaries with the date of transition being 01.04.2020. The Holding Company's management and Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Holding Company's Annual Report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially

inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's management and Board of Directors are responsible for the matters stated in section 134 (5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated statement of changes in equity and consolidated cash flows of the Group in accordance with the Ind AS specified under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015 as amended and other accounting principles generally accepted in India. The respective Board of Directors of the Companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective management and Board of Directors of the companies included in the Group are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the company's financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to

influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- * Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- * Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances under section 143 (3) (i) of the Act. We are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- * Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- * Conclude on the appropriateness of management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- * Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- * Obtain sufficient appropriate audit evidence regarding the financial information of such entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of financial information such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors such other auditors remain responsible for the direction, supervision and performance of the audit carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entity included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence and to communicate with them all

relationships and other matters that may reasonably be thought to bear on our independence and, where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that are of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when in extremely rare circumstances we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters:

We did not audit the financial results of the Subsidiary Tembo LLC included in the consolidated financial results, whose financial results reflect total assets of Rs. 181.49 lakhs as at March 31, 2022, total revenue of Rs. 83.65 lakhs, total net loss after tax of Rs. 2.41 lakhs, total comprehensive loss of Rs. 2.41 lakhs and net cash outflows amounting to Rs. 10.09 lakhs for the year ended on that date. These financial results have been audited by other auditor whose report has been furnished to us by the Management and our opinion of the results, in so far as it relates to the amounts and disclosures included in respect of this subsidiary is based solely on the reports of the other auditors.

We did not audit the financial statements/financial information of subsidiary viz., Tembo USA Inc, whose financial statements/financial information reflect total assets of Rs. NIL as at 31st March 2022, total revenues of Rs. NIL, total profit/loss after tax Rs. NIL, total comprehensive profit/loss of Rs. NIL and net cash outflows amounting to Rs. NIL for the year ended on that date, as considered in the consolidated financial statements. The financial statements are unaudited and have been furnished to us by the management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-sections (3) and (11) of Section 143 of the Act in so far as it relates to the aforesaid subsidiary, is based solely on such unaudited financial statements.

Our opinion on the consolidated financial statements above, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the report of the other auditors and the financial statements and other financial information certified by the management.

Report on Other Legal and Regulatory Requirements

- 1) As required by Section 143(3) of the Act, based on our audit and on the consideration of report of the other auditors on separate financial statements and the other financial information of subsidiaries as noted in the 'other matters' paragraph, we report, to the extent applicable, that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.

- b) In our opinion, proper books of account as required by law for preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and report of the other auditors.
- c) The Consolidated Balance Sheet, Consolidated Statement of Profit and Loss including Statement of Other Comprehensive Income, Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of accounts maintained for the purpose of preparation of consolidated financial statements.
- d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under section 133 of the Act.
- e) On the basis of the written representations received from the directors of the Holding Company as on 31 st March, 2022 taken on record by the Board of Directors of the Holding Company and the report of the statutory auditor of its subsidiary company, none of the directors of the Group's companies is disqualified as on 31st March, 2022 from being appointed as a director in terms of section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Holding Company incorporated in India and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".
- g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 as amended, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditors on separate financial statements of the subsidiary as noted in the 'Other Matter' paragraph:
- i) The consolidated financial statements disclosed the impact of pending litigations on its consolidated financial position of the group. (Refer Note 45 to the consolidated financial statements)
- ii) The Group has made provision in the consolidated financial statements, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
- iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Funds by the Holding Company, its subsidiary incorporated in India during the year ended 31 st March, 2022.
- iv) a) The Management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Holding Company or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- b) The Management has represented that, to the best of its knowledge and belief, no funds have been received by the Holding Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate

Beneficiaries") by or on behalf of the Funding Parties or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

c) Based on the audit procedures performed that we considered reasonable and appropriate in the circumstances along with management representations, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) of Rule 11(e) mentioned above contain any material mis-statement.

v) The dividend declared and paid during the year by the Holding Company is in compliance with Section 123 of the Act.

vi) In our opinion and according to the information and explanations given to us, the remuneration paid by the Holding Company to its directors during the current year is not in accordance with the provisions of Section 197 of the Act (Refer Note 54). The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

- 2) With respect to the matters specified in clause (xxi) of paragraph 3 and paragraph 4 of the Companies (Auditor's Report) Order, 2020 ("CARO"/ "the Order") issued by the Central Government in terms of Section 143(11) of the Act, according to the information and explanations given to us, and based on the CARO reports issued by us and the non-applicability of CARO reporting to one of the foreign subsidiary and non-audit applicability to the second foreign subsidiary, as represented to us by the Management of the Holding Company, we report that there are no qualifications or adverse remarks by the auditor in their audit report.

"Annexure - A" TO THE INDEPENDENT AUDITORS' REPORT on Consolidated Financial Statements

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of consolidated Ind AS financial statements of the company as of and for the year ended 31st March, 2022, we have audited the internal financial controls over financial reporting of TEMBO GLOBAL INDUSTRIES LIMITED (Formerly Known as SAKETH EXIM LIMITED) ("the Holding Company") and its subsidiary (the holding company and its subsidiary together referred to as "the Group") for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors and its subsidiary which are incorporated in India are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by these entities considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to these consolidated Ind AS financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143 (10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these consolidated Ind AS financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting with reference to these consolidated Ind AS financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these consolidated Ind AS financial

statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence obtained by us and other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Group's internal financial controls system over financial reporting with reference to these consolidated Ind AS financial statements.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting with reference to these consolidated Ind AS financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to these consolidated Ind AS financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting with reference to these consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these consolidated financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us and based on the consideration of reports of the other auditors as referred to in the Other Matters paragraph the Holding Company and its Subsidiary have in all material respects, an adequate internal financial controls system over financial reporting with reference to these consolidated Ind AS financial statements and such internal financial controls over financial reporting with reference to these consolidated Ind AS financial statements were operating effectively as at 31

March 2022, based on the internal control over financial reporting criteria established by these entities considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid reports under section 143 (3) (i) of the Act on the adequacy and operating effectiveness of the internal financial controls over the financial reporting in so far as it relates to subsidiary company, we state that there is no reporting received from the subsidiary auditor due to non-applicability of any such reporting requirement in the country of establishment of one foreign subsidiary and the second subsidiary is not liable for audit as represented to us by the management. Our Report is u/ s 143 (3) (i) to be accepted as far as relates to the Holding Company only.
